

Application No.: 10/066,007
Amendment Dated: August 15, 2005
Reply to Examiner Interview Dated: August 5, 2005

REMARKS

The undersigned attorney wishes to thank the Examiner for the courtesies extended during the telephonic Examiner's Interview conducted on August 5, 2005. During the Interview the Examiner recommended several amendments that would place the application in condition for allowance. With a view toward furthering prosecution, those amendments have been adopted.

As requested by the Examiner, claims 35, 44, and 46 have been amended to recite a temperature of "65°C" instead of "42°C." Support for these amendments is found in the Specification at, for example, page 7, line 9 to page 8, line 14. See MPEP § 608.01(o).

As requested by the Examiner, claim 46 has further been amended as to certain formal matters (*i.e.*, by replacing "polypepetide" with --polypeptide-- and by indenting the members of the markush group), which do not change the scope of the claim in any manner.

It is submitted that no new matter has been introduced by the foregoing amendments. Approval and entry of the amendments respectfully is requested.
